

A Complete Plug & Play 2-wire IP Intercom Solution

AiBase / Dahua
Commercial Video Intercom

VTO4202 Series

AiBase / Dahua Villa Residential Video Intercom

KTD01

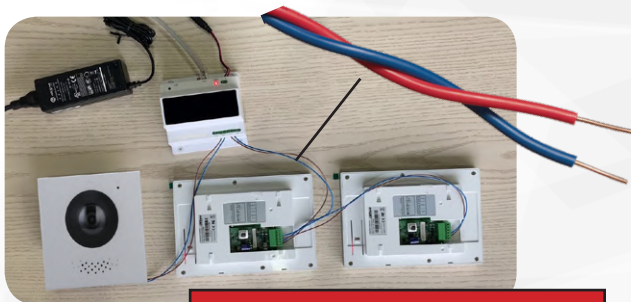

Designed for house & condo/
office with only 2-wire

KTD01 kit is designed
for a house/single unit

VTO4202 modular series
is perfect for Condo units

Powered by 2-wire switch or PoE

Upgrade to IP over existing 2-wire infrastructure

Make use of existing 2-wire to transmit power & data,
no rewiring needed, lowering costs and saving time.

Integrate with IPC/NVR/XVR

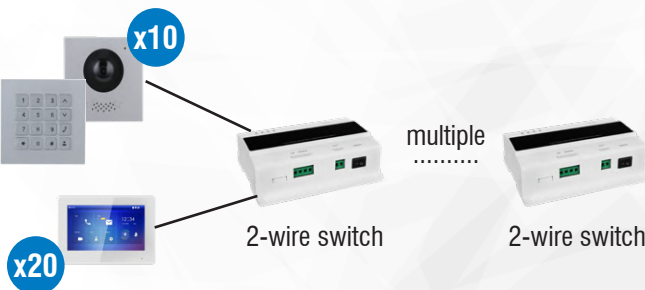

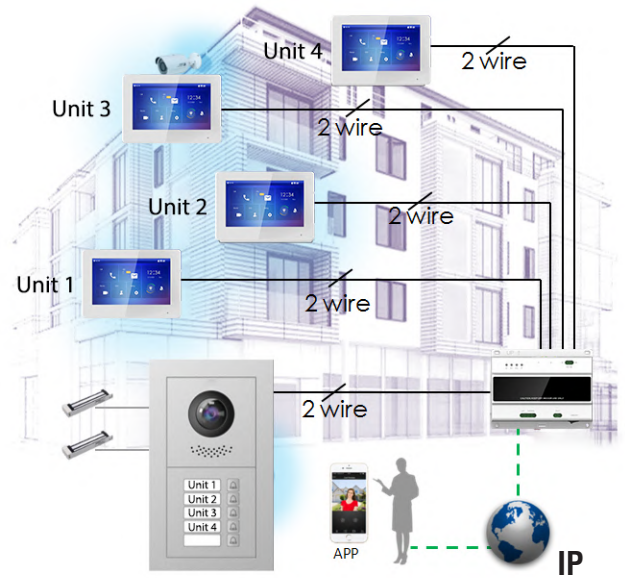

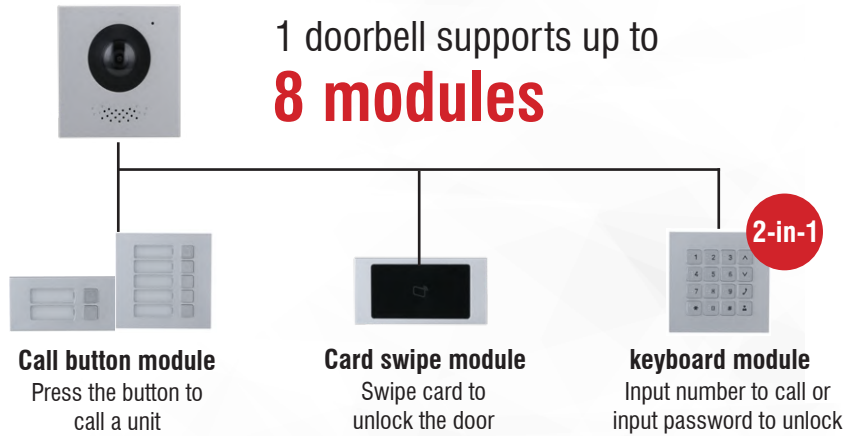

- Fast configuration via web browser.
- Add doorbell camera to NVR/XVR for live view & recording.

Answer the call by Free App

- App supports two-way talk, unlock the door, push notification, etc.
- Manage all AiBase devices in a single platform.

Modular design makes it flexible & highly scalable

Support up to 500 indoor monitors

- Up to 20 indoor monitors & 10 doorbells per 2-wire switch.
- Install multiple switches to support multiple units in a building.

Super wide angle of view

Doorbell with a 168° wide horizontal view fully covers a whole front door area.
